901 Lake Destiny Drive, Suite 400  
Maitland, FL 32751

### **Public Disclosure of Financial Conflicts of Interest (FCOI)**

Public disclosure of FCOI involving individuals conducting research at AdventHealth will be made only, as required in Federal PHS regulations (42 CFR, Part 50, Subpart F revised in 2011), for conflicts of interest (COI) involving studies funded by the Public Health Service (PHS).

#### **Submitting a Request:**

Requests for Publicly Accessible information regarding Conflicts of Interest in PHS-sponsored studies should specify (1) the full name of the individual or (2) study for which information is requested and be made in writing or via email to:

**Office of Research Integrity  
AdventHealth  
Attn: COI Official – Public Accessibility Request  
601 E Rollins Street, Mailbox 61  
Orlando, FL 32803  
FH.ORI@AdventHealth.com**

The COI Official cannot provide public information if the requestor does not make a specific request. For example, a request cannot ask for the FCOI information for an entire department. Rather the request should be specific to FCOI information on each individual investigator or research team member or for each PHS funded study for whom it is requested.

#### **FH Response to requests:**

The COI Official will respond via email or in writing to anyone requesting this information **within 5 business days** of receipt.

The requestor will receive a letter (or email) from the COI Official either providing the information below or specifying one of the following reasons it could not be provided:

- 1) The request was not sufficiently specific.
- 2) The study for which information is requested was not performed at AdventHealth.
- 3) The request did not meet the three criteria specified in the federal PHS regulation:
  - The Significant Financial Interest (SFI) was disclosed and is still held by the individual
  - The SFI is related to a PHS-funded project
  - The SFI is determined to be a FCOI

#### **The information to be released under a public access request will include the following:**

- The Investigators' name
- Investigators' title and role with respect to the research project;
- Name of the entity in which the significant financial interest is held;
- Nature of the significant financial interest; and
- Approximate dollar value of the significant financial interest or a statement that the interest is one whose value cannot be readily determined through reference to public prices or other reasonable measures of fair market value.
- If the investigator has no applicable conflict of interest, that information will be provided as well.
- The investigator will be copied on this response.
- Updates to a request will only be provided upon receipt of a subsequent valid written request for those requests that meet the criteria for release.

If you have any questions or require further information, feel free to respond by email to: [FH.ORI@AdventHealth.com](mailto:FH.ORI@AdventHealth.com)
